With the removal of the "Background Image" button for tables/cells, you can add CSS to insert one. The CSS is as follows:

BACKGROUND-IMAGE:
url("http://c2.support.schoolwires.net/cms/lib/MT01000001/Centricity/Domain/242/Pic2.jpg");
BACKGROUND-REPEAT: no-repeat; BACKGROUND-POSITION: center center

Replace the URL in the above with the URL of the photo you'd like to use. Edit the table properties, click the Style Builder tab, select Custom CSS on the left, and insert this line of code into the "CSS Text" box.

If you want the image to repeat:
BACKGROUND-IMAGE: url('ImageURL'); BACKGROUND-REPEAT: repeat
